DC-PT Integration Webinars

TOPICS: DC-PT Set-up, Coding, Compliance, Documentation & Billing

These webinars are excellent for DCs that are thinking about hiring or partnering with a licensed physical therapist and also great for established DC-PT practices looking for advanced coding and documentation procedures.

PART I: INTRODUCTION TO DC-PT INTEGRATION & CODING COMPLIANCE (Webinar # 301)

- What can a physical therapist do for you and what are the pros and cons of a DC-PT practice?
- Learn how to set-up a DC-PT practice. Should the PT be an employee, partner or independent contractor?
- Understand your corporate structure choices.
- Learn how to find and hire a licensed physical therapist – sample classified ads are supplied.
- Why would a PT want to work for a DC? We'll let you know.
- Learn about patient flow from DC to PT and vice versa.
- Detailed descriptions of all physical therapy codes will be discussed and sample PT referral forms will be provided.
- Understand how to calculate units of time for rehab procedures and find out which codes are untimed.
- Learn how to do an insurance verification for PT services and how it differs from a chiropractic verification.
- Plus, how much to charge for certain PT codes and the compliant way to collect co-pays, deductibles and co-insurance.

PART II: DOCUMENTATION REQUIREMENTS & BILLING COMPLIANCE (Webinar #302)

- Learn about the Medicare PT guidelines and what Medicare looks for when reviewing PT SOAP notes.
- Specific PT documentation guidelines will be provided so you can "stay under the radar screen."
- Sample physical therapy evaluations, re-evaluations and SOAP notes will be provided.
- Learn how to "match" your CPTs to your ICD9s to optimize reimbursement.
- Understand the most common modifiers and which to use and which to AVOID!
- Sample chiropractic treatment plans and SOAP notes will be provided.
- Plus, what can a physical therapy assistant (PTA) do for you? Can they provide services "incident-to" a PT or DC?
